Warsaw May be Abandoned as Capital of the New Republic.

(International News Service) SPA, July 12.—An allied note to Russia, asking for an armistice with Poland on the western battle front, was dispatched to Moscow today.

(International News Service) PARIS, July 12.—Premier Grabski, of Poland, has telegraphed to the chief of the Polish Council of National Defense and to the commander of the Polish army to negotiate an armistice with the Russians at once, according to a special dispatch to the Petit Parisien today.

The peace overtures were made after the allied conference at Spa, to whom the Polish premier had appealed for military aid, had decided that it would give the requested support only in the event that the Polish armies were withdrawn inside the territorial boundaries of Poland.

(International News Service) WARSAW, July 12.—The Poles have withdrawn all their positions on the Berezina river, as the result of the continued assaults of the Russians. Violent fighting was reported today in the region of Minsk. North of Rovno, the Poles have carried out an orderly retreat. Sarny, an important city, 47 miles north of Rovno, has been taken by the Russians.

PRISONERS TAKEN

(International News Service) LONDON, July 12.—"We have captured 4,000 Polish prisoners and are now only twenty-four miles from Minsk", the soviet war office announced in a wireless from Moscow today.

"The Poles are retreating over the whole battle front," the dispatch said.

VICTORY IS CLAIMED

(International News Service) LONDON, July 12.—"Kuban Cossacks", have captured 10,000 Russian Bolshevik troops in southern Russia, said a Copenhagen dispatch. Gen. Wrangel, leader of the anti-Bolsheviks in the Crimea, has launched an attack, all along the line and his troops are advancing everywhere. Note: The foregoing cablegram may relate to last week's operations, as no confirmation has come from any other source.

EX-EMPRESS EUGENIE, THE "QUEEN OF SORROWS" DEAD

Woman Who Caused Franco-Prussian War Expires at Age of Ninety-Four.

MADRID, July 12.—Ex-Empress Eugenie, wife of the deposed Emperor Napoleon III of France, died here Sunday aged 94. A tragic figure in the latter years of her long life, the deposed Empress was often called "The Queen of Sorrows".

Lovers of propriety and admirers of womanly spirit delight in contending that the blow of a little riding whip across the legs of Napoleon III made the Countess Eugenie de Montijo the Empress of France.

Mlle. de Montijo had been ridiculed and openly insulted by French royalty at Tuileries, even though Napoleon was madly in love with her. Once, during a horse back ride, the Emperor anxiously inquired of the beautiful Spanish countess if she had ever been in love.

"I may have had fancies, sire," she answered, "but I have never forgotten that I am Mlle de Montijo."

That day they became separated from the main party and returned to the palace very late, and alone. Napoleon, in defiance of all tradition and ceremony, escorted Mlle. Eugenie to the very door of her boudoir, and he lingered there longer than was prudent. In another few minutes there would have been more than a scandal—the fair Montijo would have been compromised. She saved the situation by ordering her imperial lover to retire, and when he laughingly lingered she emphasized her request with a smart blow from her riding whip.

Very soon after this occurrence the Duc de Morny waited on Madame de Montijo with a letter from Napoleon formally requesting her daughter's hand. During the winter and spring of 1852 the gay and elegant society of Paris was enlivened by the presence of a young Empress-to-be who came from one of the noblest families of Spain, the same Countess de Montijo it had once despised. The following year the marriage took place with all the splendor and pomp of the French Court.

The year 1858 brought ill luck in its train. Felix Orsini attempted to assassinate the royal couple by hurling bombs at their carriage. The Emperor was not slightly injured and the Empress not at all, though her dress was covered with the blood of scores of commoners who stood near the carriage.

About this time Eugenie became interested in politics and was appointed regent during her husband's absence in Lombardy. She fought for the continued occupation of Rome by France, battled against unity with England and was largely instrumental in bringing about war with Prussia. In proof of this we have the now historic phrase: "This is my war," uttered by her to General Tur soon after the outbreak of hostilities.

The life of the Empress in the last days of the Empire, following immediately after Prussia's sweeping victory, was a strange and piteous one. Immediately after Napoleon left for Metz, Eugenie was declared Empress Regent. When news of the capitulation of Sedan and the decree deposing the Emperor aroused the populace, she implored the populace to be firm and hasten to repair the reverses.

On September 5, 1870 mobs gathered at Tuileries and the imperial flag was lowered for the last time.

Charlie Namie, accused of having slain a negro in Decatur several months ago, is again in jail. His return to the county bastille followed the decision of the supreme court, declaring Judge Troup was without authority in allowing the defendant bail in the sum of \$10,000. Namie's case has twice been heard in the supreme court on bail proceedings.

WANDERER SLEW WIFE BECAUSE OF LOVE FOR GIRL

(International News Service) CHICAGO, July 12.—The real motive of Carl Wanderer, former army lieutenant, in plotting the slaying of his young wife and an unborn child and a derelict of the streets he hired to pose as a highwayman, was declared by the police today to have been the infatuation of Wanderer for Julia Schmitt, a 16-year old girl of this city.

TWO ARE HELD IN CAR ROBBERY CASE

PAUL AND CARL WESLER ACCUSED OF TRYING GET WATERMELONS

Paul and Carl Wesler, young white boys, were taken into custody last night by Officers Beasley and McCoy, of the Albany police department, after it is alleged the defendants had attempted to break into a freight car on the Louisville and Nashville siding near the Lovin Produce store.

The freight car was said to have contained a shipment of watermelons.

Motorists Must Use Muffler Is Decatur's Edict

Motorists must use their mufflers when driving over Decatur streets at night, was the edict issued today by Mayor James A. Nelson.

During the past two weeks, it was stated, many complaints have been made to city officials by citizens residing on the paved streets, particularly, that motorists drive past at night, with their mufflers "cut out" and that the noise is a public nuisance.

Residents of Ferry street told officials that several local drivers seem to make a practice of coming up the Ferry street hill with their mufflers out, and speedy steps to stop the practice were requested.

RADICAL GROUPS AT CHICAGO CONFER IN ATTEMPT TO FORM A BIG THIRD PARTY

Two Conventions Opened This Morning, One at Hotel, Other at Hall.

LA FOLLETTE SUGGESTED AS STANDARD BEARER

President of "Irish Republic" Pleads for a Plank in the Platform.

(International News Service) CHICAGO, July 12.—The convention of the Committee of 48 was called to order at 9:36 this morning, but there was no quorum present.

The Committee of 48 met at the Morrison Hotel and the labor party at Carmen's Hall.

A recess was taken by the 48 convention, pending the arrival of a quorum. At Carmen's Hall, the delegates gathered early and there was eager discussion of fusion possibilities. A great many delegates declared themselves against a fusion unless the Forty-Eighters would agree to a plank in the platform providing for government ownership and "democratic control" of all public utilities.

Meanwhile, the sub-committee having in charge the amalgamation plan was at work.

The 48 convention was addressed by John H. Kelley, of Cincinnati, who favored a platform permitting migratory workers to vote.

At Carmen's Hall, the labor delegates listened to Lester Barlow of the world war veterans, who declared he favored the union of all progressive parties represented at Chicago. He bitterly attacked Great Britain.

Later today the fusion of the various political parties now meeting here into one big third party loomed nearer. Representatives of the Committee of 48, the American Labor Party, the Non-Partisan League, the Single Tax party and the American Constitutional party held a series of conferences throughout the morning.

Eamond Valera, president of the so-called Irish republic, pleaded before the 48 convention for a plank endorsing his government.

READY FOR LAUNCHING

(International News Service) CHICAGO, July 12.—A third political party, containing a strong labor group with remnants of the old progressive movement, was all prepared for a launching in Chicago today. Unless the plans of the leaders go astray, tonight will see the new party taking shape. The nucleus of the new movement is found in the Committee of Forty-Eight and the American Labor Party, both of which are now in convention here. The name of Senator Robert La Follette, of Wisconsin, is most frequently heard as the presidential candidate. The platform, which has been more or less held in abeyance, will be a "really progressive" document, according to the leaders.

Lovin Home From F. P. A. Convention

J. F. Lovin, local produce dealer, has returned home after attending the F. P. A. convention at Portland and visiting relatives at other points in the west. During Mr. Lovin's absence, he not only distributed advertising for the entire state of Alabama, but many copies of "The Five A's", as well. The latter publication is the official organ of the Albany chamber of commerce and Mr. Lovin received many compliments on its attractive appearance.

NAMES COMMITTEE TO CONSIDER PLANS OF CHURCH ADDITION AT ALBANY BAPTIST

Remodeling of Church Decided on at Congregational Meeting Sunday.

DEBT FOR REPAIRS ON PARSONAGE IS SETTLED

Rev. Wilks Preaches Strong Sermon at the Central Baptist.

At the congregational meeting of the Central Baptist church, held Sunday a. m. at the close of the regular preaching service, final disposition was made of the matter of remodeling the church and building new Sunday School rooms.

According to the Dr. W. D. Powell, one of the active members of this church, work is expected to begin shortly on the Sunday School rooms and possibly the new church addition. Said Dr. Powell: "You know for some eight months we have been planning for additional room. So yesterday morning, by unanimous vote, a building committee composed of the pastor, Dr. W. P. Wilks, C. E. Malone and David Gibson, was appointed with instructions to report estimates as early as possible."

"The matter of a recent debt of some \$700, for repairs on the parsonage including the cost of a large range, was also settled up, the entire amount being subscribed in about twelve minutes. Another unanimous action taken was the appointment of B. B. Pickens, the chorister, as one of the regular paid workers of the church."

Dr. Wilk's morning sermon impressed the need of church members realizing their full responsibilities. He said that as business men saw to it that their businesses had proper equipment, so the church should have ample facilities for the carrying on of its work.

The text used was: "What do ye more than these"; words of Christ to His disciples. It was pointed out that not merely failing to commit a crime did not satisfy Christ; but that criminal intent should never exist; that the old law of giving a wife legal papers of divorce, did not satisfy Christ, that He demanded that a wife should not be "put away except for adultery", that not only was actual adultery condemned but under Christ "He that looketh upon a woman to lust after her, hath committed adultery with her in his heart."

In regard to the use of money, the preacher advised that if the teachings of Christ were believed, it were much better for one to have his bank in heaven, than to have his heaven in a bank.

BIGGEST AUCTION IN HISTORY NORTH ALABAMA ON WEDNESDAY

Garth Heights Will be "Under the Hammer." Free Barbecue for Visitors.

The biggest auction sale in the history of North Alabama will be held Wednesday, when the old Garth farm, now Garth Heights, on the outskirts of Albany-Decatur will be sold under the hammer by Col. Davis, of Fayetteville, Tenn., one of the best known auctioneers of the South. The sale will be held under the direction of Otto Moebes and Penney and Whitman, well known local realty firms.

The Garth property, almost since this section was inhabited by white men, the property of the Garth family, is one of the most fertile plantations in the South. Situated so near the Twin Cities, it also provides an ideal residential section and the sale Wednesday is expected to be attended by buyers from every section of Alabama and Tennessee.

(International News Service) BIRMINGHAM, July 12.—Amid flag-bedecked streets and hotels and the almost incessant flaring of numerous brass bands, the first annual reunion of the Rainbow Division Veterans opened here this morning for a three days session. Veterans from states in the union represented in the famous division are present and the first reunion of world war veterans promises to surpass all expectations.

The entire city is in holiday attire and dancing, singing, parading, hand-shaking, business sessions and story-telling are all on the program.

Late yesterday the reunion for a time assumed a different aspect when a special train bearing mothers of soldiers who stayed in Flanders field arrived from Texas. No more eloquent tribute could be paid than was paid those mothers by citizens, soldiers and boy scouts alike by acts of courtesy. Nothing was too good for the black veiled mothers.

The Iowa delegation arrived yesterday and promptly entered politics. They announced that if Iowa had anything to say in the election, Col. M. A. Tinley of that state would be chosen next national commander of the Rainbow veterans.

HEALTH OFFICERS SEEK MORE SPEED ON NEW SLOGANS

Health officers of Morgan County, today sought to inject more speed into the slogan contest for prizes offered by local merchants for the best health slogans for the department.

"The slogans are coming in rather slowly", Dr. B. F. Austin, health officer for the county, stated. "We have received a number of suggestions but we should get more. The suggestions offered by any one person are not limited, but as many as desired by the health department."

Most of the suggestions already made are too long, Dr. Austin said. The following are of the type desired: "Morgan County's best advertisement—Upon the health of the people depends—the wealth of Morgan County."

All pieces of the barrel have been found, but the body has not been located.

Sibley, of the Falkville chamber of commerce, Prof. Woodruff, of Ryan's Cross Roads, Mr. Ratliff, of Apple Grove and C. D. Patterson, of Albany. John R. City is Defendant in \$21,000 Complaint in the Circuit Court.

ALLEGES MUNICIPALITY OWES VERY LARGE SUM

Contract Said to Have Been Signed in 1898 is Recalled.

A suit, described as a "friendly one" was filed in the Circuit Court this morning by the Alabama Water company against the City of Albany for the sum of \$21,387.83, alleged to be an account due the company on July 3, 1920. The complaint involves the long standing contention of the water company and the municipality over the water accounts of the city.

The complaint is signed by Weakley and Rice, and Eyster and Eyster, attorneys for the plaintiff. Accompanying the complaint is an attached itemized statement of the account of the city with the company, covering a period from 1907, and sworn to by John B. Weakley, president of the company.

The complaint declares that the sum claimed is due on account to July 3, 1920, "after all payments and credits have been credited and allowed for rental of hydrants and for water furnished the defendant town of New Decatur and for licenses paid by plaintiff and which defendant had agreed to refund or repay as part of its obligation for water furnished and for hydrant rental." The amount, the water company contends, is due under a contract signed on June 7, 1898 between the Town of New Decatur, now the City of Albany and the Decatur Water Works company, now the Alabama Water company.

Filing of the test suit today is the latest step in the fight of the company for an increased schedule of charges in the Twin Cities. Recently a petition was filed with the state public service commission asking an increased rate here, but the petition was dismissed for lack of jurisdiction. Previously the company had made an unsuccessful attempt to obtain an increase from the Albany council.

CLOVEN HOOF OF NEW THIRD PARTY REVEALED

Unable to discover any legitimate reason for the organization of a third party, now that Democrats have chosen as their standard bearer a man whose sympathy with labor and whose progressive ideas are pronounced, and the Republicans have gone completely over to the capitalists, the public is not surprised to find that the new organization in process of incubation at Chicago has a sinister and menacing purpose behind it. It remained for John Fitzpatrick, president of the Chicago Federation of Labor—a federation that is far more radical than any other in this land of liberty—to expose the cloven hoof of the monster that is forming. A news dispatch from the Windy City tells the whole diabolical story, and reads:

John Fitzpatrick, president of the Chicago Federation of Labor, keynote speaker, brought the convention to the highest enthusiasm with a plea "that the day would come when the working people of the United States would get together and do a job such as the workers of Russia have done."

The biggest demonstration of the day was accorded this reference, delegates stamped and whistled, and when one called for "cheers for soviet Russia" they were given.

It is patent that the third party is to be a party of fanatics, of disloyalists, of the long-haired, discontented, nihilistic brand of brethren who have no respect for law and who chafe at the restraints of government. It is to be a reincarnation of the Communist party, already under the surveillance of the secret service with many of its members marked for deportation. Russian ideas, which appealed to such notorious anarchists as Emma Goldman only when she was in the United States, are to be set up in America. Peaceful destruction is to be attempted, with a bit of bloodshed mixed in if the opportunity comes. Such a party as this should be stamped out. Public opinion and the law should both be invoked to preserve American institutions.

Directors of the Albany chamber of commerce will meet in the chamber's rooms at 7:45 o'clock tonight. A full attendance was urged as many matters of importance will be discussed.

Prominent Man Testifies

GEORGE, ALA.—"In the early spring of 1900 I suffered from a severe attack of La Grippe—nasal catarrh of the most severe type, nervous indigestion, backache, constant headache, palpitation of the heart—an almost total breakdown being the result.

As a drowning man grabs at a straw I began trying this remedy and that. As a last resort, though greatly discouraged, I made up my mind to try Dr. Pierce's medicine and procured Dr. Pierce's Golden Medical Discovery and Dr. Sage's Catarrh Remedy, which I used regularly with an occasional dose of Dr. Pierce's Pleasant Pellets to keep the bowels regular. The effects were at first slow, but with continued use of these medicines the disagreeable symptoms disappeared and the relief was permanent. I most heartily recommend Dr. Pierce's medicine to all suffering humanity."—REV. GEORGE R. WOMACK, Route 1.

All druggists sell Dr. Pierce's medicines. Send 10 cents to Doctor Pierce's Invalids' Hotel and Surgical Institute in Buffalo, N. Y., for trial package of Golden Medical Discovery Tablets.

Bank Vice-President

Tells How Ziron Iron Tonic Helped His Daughter After Operation for Appendicitis.

AFTER any serious illness, the first thing you notice when you begin to get around is your lack of strength and energy—a tired, weak feeling.

The sooner you get your strength back the better. The thing to do is to eat plenty of good, nourishing food, get all the fresh air you can, exercise conservatively, and take Ziron Iron Tonic three times a day.

Your doctor will tell you this is sound advice, and urge you to follow it.

Read this letter from Mr. J. B. Kelly, vice-president of the First National Bank, Graceville, Fla.: "My daughter had been in bad health since last April. She was operated on for appendicitis. She has been taking Ziron for two weeks. Her appetite is better than it has been. Her nerves are better, and she says she feels better. . . I know that Ziron is good for weak and feeble people."

Ziron is a scientific, reconstructive tonic, prepared from valuable strength-building ingredients, for weak people with thin blood. Druggists sell Ziron on a money-back guarantee. Try it.

TO ONE SIXTEEN

From the warm, white beach, where the Gulf of Aden lies
Like a ruby watse, blue as a moselem's eyes;
From the Red Sea sands that wash a tentless shore
To the far, far East, where the desert closed the door
To human trail; and where the caravan
Paused in despair at the last white hut of man,
A fairy brought all colors, new and old,
To work and weave into your hair of gold.

From Egypt's gardens where the finest silk in spun
And poppies catch all colors of the sun;
Where desert waste distills in nightly dew,
Her crystals charges with every tropic hue,
This fairy caught from underneath the skies,
The nameless charm and sparkle of your eyes.

Out of the South where blooms the scented Thyme.
Where every sound is like a poet's rhyme;
From coasts where palms lean seaward in repose
And every day dreams idly to its close.
Your goddess brought within her dainty ships,
The tempting languor of your girlish lips.

CHARMS ARE DIFFERENT IN BALL ROOM AND BATH

(International News Service)

LONDON, July 12.—As the Evening News remarks, Tonbridge, Kent, has gone in for mixed bathing at the municipal bath, situated in a clump of trees and fed by a purling brook, and it's a sad day for the British Empire.

For did not Councilor Donald Clark, a passionate Scot, get up and declare that hundreds of possible brides have been "doomed to live lives of useless celibacy through that infamous institution known as mixed bathing."

"I have watched mixed bathing

many years," he told a crowded council room, "and have come to the conclusion that it has stopped more marriages than any other cause."

"Just imagine a young man infatuated overnight with the charms of a beautiful Kentish maiden, dancing with her at a dazzling ball, and then meeting her next morning at the public swimming bath, clad in a ready-made bathing costume that vulgarizes her figure, her hair bunched in a hideous cap or straggling over her eyes like a wet Scotch terrier's! Any woman-respecting man would ever recall such a spectacle with horror."

And then a vote was taken and by the majority of only one the council decided to allow mixed bathing, for the municipal bath has been a paying proposition and Councilor Clark had adduced nothing to show mixed bathing would make it less so. Even Clark's impassioned appeal that the "greatest need of the country was the raising up of an imperial race" and that "no woman, however beautiful, could stand the test of appearing before the man she had inspired in the damp and bedraggled condition that was the inevitable consequence of bathing" could win over the extra vote needed to debar mixed splashing.

Now London's magazines and pictorial newspapers, forgetting the high taxes and other painful facts of life, have as one started a picture campaign to prove to Councilor Clark and every other "unmixed bather" the fact that a maiden may look lovely in the usual one-piece bathing dress and that British maidens are everything but unalluring in the bath.

Heat Saps Power; Store up Energy

Keep digestion perfect with Dr. Caldwell's Syrup Pepsin and you will have strength to work

SUMMER is the season of vacations, of slowing up in work. And there is a good reason for it. Heat is enervating and work quickly tires. But people must work, and we should all keep ourselves in such fine physical condition that we can do our share even in hot weather.

Of first importance is to see that there is a regular, daily bowel elimination. If you skip a day you are constipated. Constipation, especially in summer, is quickly followed by fatigue, loss of appetite, chills and colds. There is no energy for work.

When you feel constipated and out of sorts, more tired than you know the circumstances warrant, take a spoonful of Dr. Caldwell's Syrup Pepsin. This delicious laxative tonic is a combination of simple laxative herbs with pepsin and can be bought at any drug store.

Syrup Pepsin will quickly relieve your constipation and give you a feeling of lightness and clear headedness.

FREE Millions of people of all ages suffer from occasional or chronic constipation. Let them send name and address to Dr. W. B. Caldwell, 512 Washington St., Monticello, Ill., for a free sample bottle of his wonderful Syrup Pepsin. 8 million bottles were bought at drug stores last year, the largest sale in the world.

Mr. Walter of 441 Minnie St., San Francisco, had to quit work because of constipation, colds and a train of other ills. He took Dr. Caldwell's Syrup Pepsin and promptly recovered his health and strength and is now at work again.

You will make no mistake getting yourself a bottle of Syrup Pepsin and taking a little at the first sign of constipation.

The purchasers of the real estate holdings of the Decatur Land Company are offering for sale tracts of one acre to five acres and up, at prices ranging from \$150.00 per acre up.

These tracts are embodied in the nine hundred acre tract of land lying between West Albany and Austinville and between the Louisville and Nashville shop yards and the Danville Pike, being the land between Second Avenue and the Garth Lands now being advertised for sale at public auction.

This is beyond any question the most fertile and attractive body of land in Morgan County, is practically all cleared and perhaps the largest tract of land within the corporate limits of any city in the entire south, not heretofore subdivided.

It is within a few blocks of the business district of Albany and also within a few blocks of the schools and churches of both Albany and Austinville.

When you have an opportunity to purchase the equivalent of six city lots 50 ft. x 140 ft. each for say \$300.00, why pay \$1000.00 to \$2000.00 for one of these 50x140 lots?

Don't let the present opportunity of buying these one to five acre tracts at reasonable prices and on the very easiest terms slip past; then wake up and find that the chances of purchasing these tracts at anything like the prices now being asked are gone beyond redemption, and then accuse somebody of PROFITEERING.

REMEMBER, WE CHARGE NO INTEREST ON DEFERRED PAYMENTS UNTIL JANUARY 1st, 1921.

WHAT YOUR MONEY WILL DO IF YOU SPEND IT IN ALBANY AND DECATUR

Has it ever occurred to you where the money comes from that goes to support the public institutions of the city in which you live?

A large part of the vast sums needed each year to give us the benefits and privileges of a modern city comes from the insignificant DOLLARS THAT YOU AND I SPEND with the local merchants.

Were it not for the money which finds its way to the support of the city government through the channels of the retail merchant, Albany and Decatur would be sadly deficient in providing us with good streets, police and fire protection, and many other public improvements.

Consequently, the more money that you and I spend with the local merchants, simply adds to the possibilities for making Albany and Decatur better places in which to live.

Your Money Spent With the Local Merchants Will---

HELP TO IMPROVE THE STREETS IN ALBANY AND DECATUR;

HELP TO PROVIDE EMPLOYMENT FOR MORE MEN AND WOMEN;

HELP TO SUPPORT BETTER SCHOOLS FOR OUR CHILDREN;

HELP TO GIVE US MORE EFFICIENT POLICE AND FIRE DEPARTMENTS;

HELP THE MERCHANTS TO OPERATE BETTER STORES FOR THE CONVENIENCE OF THE PUBLIC;

And, it will help increase the general prosperity of Albany and Decatur in a large measure, besides affording YOU an opportunity to get back at least a portion of that money which you must spend for the necessities of life.

STORY OF THE GOOD SAMARITAN BASIS EXCELLENT SERMON BY DR. DAVENPORT

Parable Called by the Pastor Beautiful Record of Unselfish Deed.

SOUNDS WARNING TO THE CHRISTIAN PEOPLE

Religion Cannot be Put Off Like a Robe, the Speaker Declared.

"Behold a certain lawyer stood up and tempting He said, 'And who is my neighbor?'" Following a scripture reading which began thus, Rev. George B. Davenport, spoke most earnestly to a large congregation yesterday morning, basing his sermon on the Bible story of the "Good Samaritan."

"The parable of the good Samaritan is deeply interesting, and is a beautiful record of unselfish deeds. But it is a solemn warning against those who do not recognize the kinship of humanity," declared the preacher.

Dr. Davenport gave a vivid description, first of the priests and the Levites, two representatives of which classes, he said, had turned a deaf ear to the groans and pleadings of the "certain man who had gone down to Jericho and fell among thieves."

...men were chosen men of a chosen people. It was their duty to hear the confessions of the nation. We expect a great deal of them. We naturally think of them as good men. And we know of nothing in the Bible that reflects upon their professional services. Possibly they kept their lives pure, although we are led to believe that they had not been deeply impressed with their high and sacred duties."

In describing the Samaritan, who at the last of his sermon the speaker declared had the very spirit of Christ Himself, Rev. Davenport said that this man was the last from which to expect a truly divine response; that he was of an invader's race; was hated and despised; was of a mongrel mixed type, was supposed to be impure as to moral religious instincts and devoid of true perception.

It was shown that the Samaritan accepted only the first five books of the Bible, that worst of all they had set up a temple in opposition to that of the true Jews, and that also the Samaritans were near if not totally, worshipers of an unknown god.

The speaker said that the victim of the robber-murderers, was doubtless some trader who was passing between Jerico and Jerusalem in possession of a good sum of money.

The speaker then gave a vivid description of the rescue of the dying traveler and his restoration, made possible by the money of the good Samaritan.

"Exposition and explanation of the real fundamentals of Christianity, are not Christianity, according to Rev. Davenport.

"After one has spoken his little sermon, and said his little say," exclaimed the speaker forcefully, "if he can pass by on the other side after such a grewsome sight as greeted the eyes of the priest and the Levite he is a foreigner to the Spirit of Christ.

"Religion cannot be put off like a robe; it is not something that can be left in the church or at home while on a journey; it does not belong to

DEFINITE PROGRAM ADOPTED BY CLASS

DR. B. F. AUSTIN, PRESIDENT OF THE BERRY BIBLE CLASS

A forward movement was taken by the First Presbyterian School Sunday yesterday morning, when the men's Bible class, of which Dr. B. F. Austin is president, established a definite organization, adopted a class motto and chose a permanent class name. According to A. A. Jones, Assistant Superintendent and a member of the men's class "The Berry Bible Class" is the name selected. Mr. Jones explained to the new members that the class name chosen was "out of respect and love for its teacher, Mrs. John D. Wyker," whose maiden name he said was Miss Clara Berry. In accepting this name of her class as a personal tribute, Mrs. Wyker who was deeply moved, said that she hoped the class would continue to grow and prosper. And said that the name selected was especially prized by her, on account of her father, Rev. John A. Berry, who until the time of his death was an active minister in the Methodist church, but who had passed away without leaving male issue to perpetuate the family name. The motto selected was: "What will you do for Jesus?"

The present officers are: Teacher Mrs. John D. Wyker; President Dr. B. F. Austin, Vice President L. L. Frazier, Secretary-Treasurer John Gooch. The lecturer chosen for yesterday's

class meeting—the time of meeting is 9:30 each Sunday morning at the church—was Rev. W. N. Sholl, Pastor of the First Presbyterian church.

PITY THE SKEETER WHO BITES THIS ARMY VET

RIDGEFIELD PARK, N. J., July 12.—Mosquitoes are dodging former County Clerk Charles F. Thompson, who conducts a drug store in this town, and therein lies a tale.

Every mosquito which bites Thompson is poisoned and drops dead. Thompson attributes this fatality to the Jersey pest serum injections acquired in army service. A stampede of Jerseyites to army headquarters is expected should Thompson's theory prove correct.
